Brother Edward Scanlan Endowment

The endowment was established in August of 2022 to offset the rising cost of tuition and, ultimately, sustain Christian Brothers School into the future as a viable, affordable choice for Lasallian Catholic education in the greater New Orleans area. As such, it is the goal of the endowment to fund (partially at first and in full eventually) \$400,000 in annual financial assistance to families in need. That amount is currently a line item expense in the budget funded by general tuition. Removing that line item expense reduces the cost of tuition to all while continuing to support those families especially in need.

Please accept my

donation to the endowment.

I am not interested in an

event package at this time.
